Definitions

- **Adaptive Capacity:** the ability to monitor, assess, respond to, and stimulate internal and external changes. It also involves being proactive and generative by playing an advocacy role and trying to shape the environment as well.
- **Advocacy:** a wide range of expressions, actions and activities that seek to influence outcomes directly affecting the lives of the people served by the organization.
- **Learning Organization:** organizations where people continually expand their capacity to create the results they truly desire, where new and expansive patterns of thinking are nurtured, where collective aspiration is set free, and where people are continually learning to see the whole together.
